Profile

MSc Computer Science student at Merito University Wrocław, specialising in artificial intelligence and machine learning; BSc (network security) completed in 2026. I built my IT foundation in the IT department of a manufacturing plant — helpdesk, IT and network infrastructure, ERP support for production and business processes — and I currently coordinate procurement and sales: B2B platforms, logistics, supplier data. In ML my interest is deployment: what happens after training, when the model has to run on real hardware.

Professional experience

IT Department Intern

2025 · internship, 3 months

Leszczyńska Fabryka Pomp (pump manufacturer) — Leszno

- Provided user technical support (helpdesk) and hardware troubleshooting.
- Administered and maintained the plant's IT and network infrastructure.
- Supported production and business processes in ERP systems.
- Configured workstations and prepared hardware for rollout.

Procurement & Sales Coordinator

2023–present

FISHKA — Pet & Fishing Store — Rawicz

- Run B2B purchasing platforms: orders, price lists and supplier data.
- I decide what to order and when, so nothing runs out and the small stockroom does not overflow.
- I deal with customers and suppliers — by phone, by e-mail and in person.

Education

Computer Science — Artificial Intelligence & Machine Learning

2026–present · in progress

Merito University Wrocław · Master's degree, part-time

Computer Science — Network Security

2022–2026 · completed

Merito University Poznań · Bachelor's degree, part-time

Skills

PROGRAMMING & DATA	Python · SQL · Power BI
IT INFRA & NETWORKS	Helpdesk · operating systems · virtualization · workstation setup · hardware maintenance · LAN/WAN · network administration · diagnostics
BUSINESS SYSTEMS	ERP · B2B purchasing platforms · Microsoft 365 · Google Workspace
WEB & TOOLING	HTML · CSS · JavaScript · Git · GitHub · Figma
ADDITIONAL	Analytical thinking · problem-solving · teamwork · category B driving licence

Languages & interests

LANGUAGES	Polish — native · English — B2
INTERESTS	Electronics and hardware prototyping — most recently a bait boat, from schematic to first launch · front-end without frameworks · fishing

I consent to the processing of the personal data contained in this CV that go beyond the scope set out in Article 22[1] § 1 of the Polish Labour Code — in particular my image (photograph) and information about my interests — by a prospective employer or other entity conducting recruitment, to whom I have voluntarily provided this document or who has downloaded it from my website, for the purpose of carrying out the recruitment process for the position I am applying for (Article 6(1)(a) GDPR). I provide these data voluntarily and on my own initiative; I may withdraw my consent at any time by contacting the controller, and such withdrawal does not affect the lawfulness of processing carried out before the withdrawal (Article 7(3) GDPR).

I further give my separate and voluntary consent to the processing of the personal data contained in this CV by the entity that received or downloaded it, also for the purposes of future recruitment processes conducted by that entity, for a period no longer than 12 months from the date the document was received or downloaded (Article 6(1)(a) GDPR). This consent is independent of my consent for the current recruitment and may be withdrawn at any time.
